

II. REMARKS

Claims 13, 15-21, 23-29, 31-34, 36-47, and 50-52 are pending in the present application. Applicant appreciates the Examiner's telephone call on June 5, 2008, requesting that Applicant enter an amendment to correct an error in claim dependency. As such claim 46 was amended to depend from claim 40 as shown in the above amendments.

This amendment is being made after receiving a Notice of Allowance, and thus this amendment is in accordance with 37 C.F.R. 1.312 and MPEP 714.16. This amendment is necessary because, previously, claim 46 had erroneously depended from itself. This amendment requires no additional search or examination because it merely corrects a typographical error. The amended dependent claim 46 is patentable because claims that depend from a patentable claim are patentable. Here a Notice of Allowance has issued and covers previously presented claim 40. Currently amended claim 46 depends from allowed claim 40 and thus currently amended claim 46 is patentable. This amendment was timely presented once the typographical error was discovered.

III. CONCLUSION

Applicants encourage the Examiner to contact their representative, Barry M. Visconte at (513) 651-6849 or bvisconte@fbtlaw.com should the Examiner wish to discuss the amendments or remarks made herein.
